Subject: RE: 25/01011/OUT - Land to The West of Sladburys Lane Clacton On Sea Essex CO15 6NU

Hi Beth,

Thank you for your response and update re: the LVIA.

The application will only need to be referred to planning committee in the event of an officer recommendation of approval.

Consultation responses from Environmental Protection and ECC Ecology remain outstanding. I will chase these this week.

Kind regards,

Amy

Hi Amy,

LVIA just been signed off to be commissioned by the client - this should be with you by Wednesday next week.

Best wishes
Beth

Good morning Amy,

Yes, I had noticed the Call In (I do dread Committee speaking). Please do confirm that this will only be going to Committee if it will have your Recommendation for Approval.

The visibility splays; I have requested the architect to include in red line and we can serve notice on the Highways Authority. We are content with the Highway's comments too.

The LVIA - the client is currently weighing this up. Whilst the Officer did state it would be useful, there was no objection and the LVIA was stated as being useful rather than required.

Noted on AW.

Please confirm that we have now received all the consultee comments and what Committee date we are aiming for.

Best wishes
Beth

Dear Beth,

I write to you further to the above application. Please note and respond to the following points, as necessary.

1. **Planning Committee**
Please note the call-in received. This specifically raises the issue of the red lined site plan not including the vis splays.
2. **ECC Highways**
Please acknowledge that the conditions requested by ECC Highways are achievable. Please provide an amended red line plan to include the required vis splays in land owned or controlled by the applicant or Highway Authority. Notice will need to be served on the Highway Authority and/or any 3rd parties as necessary.
3. **Trees & Landscaping**
Please let me know if you intend to submit the LVIA requested.
4. **Anglian Water**
Please note the requirements of Anglian Water. This is not an objection but will need to be addressed at RM stage in the event of an approval. The suggested condition would not meet the 6 tests and would not be imposed.

Kind regards,

Amy
