To Whom It May Concern Ref: 25/0574/RCU Re: SUPPORT PROPOSAL at 30 Allandale Ave

I'm writing to fully back the swim sessions at 30 Allandale Ave. As a certified swim teacher, I know how much this pool helps local families, especially kids with extra needs.

It's a calm, welcoming place where children who may not thrive in regular lessons can safely learn how to swim—an important life skill that helps prevent drowning.

The pool also builds community and gives jobs to instructors. If it is shut down families will lose vital support.

Please keep this valuable service going.
