

Dear Sir/Madam,  
Case Reference: 25/0574/RCU

I am writing to show my full support for the continued operation of swimming lessons at this facility. My child gained so much from participating in these lessons, and I believe the facility plays a vital role in serving the needs of our community. The setting is quiet, private, and thoughtfully designed—ideal for those who may struggle in busy or more public swimming spaces. This is especially important for children with special educational needs and disabilities (SEND), who benefit from environments that are calm and adapted to their individual needs.

These sessions are delivered with professionalism and care, offering a valuable chance for children to learn essential swimming skills—something many would not be able to access elsewhere. Ending these lessons would be a real setback, both for the families who rely on them and for the wider community.
