

I am writing to express my wholehearted support for this proposal.

My child has regularly used this swimming facility, and I've seen firsthand the positive impact it has on our community. It serves as an essential and inclusive space, particularly for individuals who, due to cultural or religious considerations, may not feel at ease in larger or more public swimming environments.

The sessions are managed with care, professionalism and respect, offering a unique opportunity for children who might otherwise be excluded from learning to swim. Losing this facility would create unnecessary barriers for many families and take away an important community resource.
