

Case Reference: 25/0574/RCU Subject: Support for Proposal

Dear Sirs

I'm writing to highlight the local pools importance to our community. It provides a safe, accessible space for people of all ages to swim and stay active, especially for those who find larger pools intimidating or hard to reach. It also fosters community connections and offers employment to highly skilled local teachers who would otherwise leave the borough to teach. These specialist teachers are hard to retain and Barnet desperately needs them to meet the needs of the community. If this doesn't get approved it would be a significant loss to Barnet and the bonds it helps create.

Yours Sincerely

Frances Berkley
