
Support for Swimming Lessons

To Whom It May Concern

Good Morning,

Case Reference: 25/0574/RCU

Please note that I fully support the continuation of swimming lessons at the facility in question. It provides a safe, calm environment that is especially important for children who find larger pools intimidating or children with additional needs, who may not be able to access lessons elsewhere. Ending this program would be a significant loss for many families in our community.

I hope you take this into consideration for any actions being considered.

Many Thanks
