

Dear Sir/Madam,

Case Reference: 25/0574/RCU

Subject: Support for Proposal

I fully support the proposal to continue offering swimming lessons. As a parent who has enrolled my son here, I can confirm that this facility is a crucial resource, especially for those who feel uncomfortable in larger swimming pools due to personal or religious reasons. The lessons are well-organized and provide a vital opportunity for children who might not otherwise have the chance to learn to swim. Discontinuing them would be a significant loss for our community.

My son could not have learnt how to swim in any other way and we have tried multiple options. His adhd required a quiet environment where he feels comfortable with the trainer. We found that place and he's been thriving in the pool.
