Comment Reasons:

Comment: I regularly visit a friend who lives in the street close to number 30 and requires support. The road used to be quiet and parking whilst awkward due to numerous driveways, was available.

It's clear the swimming pool traffic and subsequent congestion has increased and the children are creating additional risk as well as the disruption which is unneighbourly. There are public and private pools in the area where ample parking is available in a safe environment.

For numerous reasons a commercial business should not be permitted in a residential environment, and health and safety regulations should be carefully considered.
