Dear Sir/Madam,
Case Reference: 25/0574/RCU

To whom it may concern,

I am writing to express my strong support for the swimming lessons provided at 30 Allandale Avenue for Barnet residents. As a local swimming teacher, I can attest to the significant benefits of this unique program, which not only offers employment to local instructors but also provides essential life skills to the community. The homeowners are the most respectful, considerate and helpful people I have ever worked for.

As a Level 2 qualified swimming teacher, I can confirm that this pool is crucial for children to learn water safety. Many of my students have additional sensory, physical, or religious needs and cannot thrive in large, noisy group settings. This facility provides a safe and supportive environment for them to develop vital swimming skills.

I urge the council to support this program at 30 Allandale Avenue. Without such opportunities, qualified teachers like myself may be forced to seek work elsewhere, which would be a great loss to local families. Without these lessons you would leave so many children without a fundamental skill that is so important.

I trust you will consider these points as the pool is a lifeline for many.

Yours sincerely,

Zaynah
