Dear Planning,

Case reference: 25/0574/RCU
'Support proposal'

My son has swimming lessons at this address. This is such an asset to the area and is run in a very calm and organised fashion. These lessons provide a lifeline to many children who otherwise wld not learn very important life skills. The set up is quiet, respectful and an asset to the local community. Losing these lessons would be heartbreaking for so many local children especially those with additional needs.

Yours Sincerely,

Chan
