

Support for proposal

Dear Sir/Madam,
Case Reference: 25/0574/RCU

I am writing to express my full support for this proposal. The program is a valuable part of our community, offering high-quality, well-organised lessons that run smoothly and with very minimal disruption to others.

Ending this service would have a serious impact, especially on children whose religious or personal circumstances limit their ability to use larger public pools. Losing this program would mean losing a key resource that supports children's physical health, confidence, and overall development.

This pool is more than just a facility—it's a vital community space. Ensuring continued access is essential for many families.

Kind regards,

Greg Jacobs
