Dear Sir/Madam,

Case Reference: 25/0574/RCU Subject: Support for Proposal

I am writing to express my full support for the continuation of swimming lessons at this facility. As a parent who has enrolled my children in these classes, I can assure you that this program is an invaluable resource for our community. The lessons are delivered in a structured, professional way, causing minimal disruption to others.

Should these lessons be discontinued, it would negatively affect many children, particularly those whose specific needs prevent them from using larger public pools. Moreover, the loss of this service would be detrimental to our community, depriving children of an important local amenity. The pool provides a safe, peaceful space that many children would otherwise be unable to access, making it a vital community asset.

Might I also add that there are a number of other businesses that are run from homes in this area, including;

- Nutritionist services
- Personal trainers
- Beauty therapists
- Cookery lessons/camps
- Speech and language therapy
- Private tuition for school age children
- Counselling/psychotherapy
- Music lessons
- Art therapy
- Art lessons
- Occupational therapy
- Physiotherapy
- Home bakeries

These businesses (and these are just some that I know) also have many customers/clients who may arrive every hour and park outside residential properties at various hours of the day and evening, and therefore I feel it is unfair to cite extra traffic/people parking outside as a reason to limit this specific business.

For many of these services there may be **more than one car** dropping/collecting children eg for group art classes/group tutors (as opposed to these swimming lessons which are only one at a time)

Our community thrives on these wonderful local services and it would be entirely unfair to allow some to operate and not others.

I am most grateful to you for taking the time to read this email.

Kind regards,

Amanda Cohen
