I'm writing to emphasize the important role this local pool plays in the community. It offers a safe and accessible space for people of all ages to learn swimming and stay active, often serving as the only option for those who may find larger public pools intimidating or difficult to access.

The pool also fosters a sense of community, providing a peaceful environment where families can gather and children can connect with each other. It's a vital resource that benefits everyone, from physical exercise to social interaction. It offers employment to highly skilled local teachers who would otherwise have to leave the borough to teach.

Losing the pool would take away an essential local asset from Barnet that helps bring our community together.

Yours sincerely
Pauline Gusack
