

Dear Barnet,

I fully support the proposal for swimming lessons.

I have regularly attended private swimming lessons at this residence. I can confirm, the service is an asset to the community. The lessons are quiet and considerate to others.

Without these lessons many children would find it hard to adapt and we would lose a local amenity which is such an advantage to local children. Barnet really benefits from this pool and many children would be without options as this is such a unique, quiet set up.

Yours Sincerely

Miriam Weinstein
