

Dear Sir/Madam,

Case Reference: 25/0574/RCU

Subject: Support for Proposal

I am writing to express my strong support for the proposal to continue offering swimming lessons.

My son has special educational needs, and has been transformed from a child who fears the water to one who loves it, in a short space of time. The setting is idyllic and calm - it is preposterous to hear it being said that it's noisy, in any way, as only a calm and quiet neighbourhood and environment would work for us.

I would urge you to consider the many families Who respectfully use the pool. I would also like to be assured that you will do an equality impact assessment to take into account of the needs of children like my son.

I understand that this is a residential road, but it isn't exactly a cul de sac. One/two cars extra parked during lessons can surely not have much of an impact in terms of parking on this road? In terms of noise i just cannot understand how any disruption can be occurring.

I would be happy to be contacted for further comments. Please please do not deprive my son and so many of such a fantastic resource.
