

Dear Sir/Madam,

I am writing to express my full support for the proposal to continue providing swimming lessons for all.

I have been swimming here and I can confidently say that it is a vital asset to our community. It is quiet and allows me the freedom to swim in a calm and private environment.

In particular those who for various reasons feel more comfortable in smaller, private, quiet environments (I am one of those people). I do not enjoy going to the public or gym pools and this pool is ideally situated as it is on my way home from work, so I can stop off and easily access swimming which is essential for my health.

The lessons are carried out in an orderly and respectful manner giving a vital opportunity to those who may not otherwise have a chance to learn to swim or use the pool for therapy. The mental wellbeing of this facility for so many is not to be underestimated. If these lessons were to be stopped, many in the community would face difficulties and we would lose an amazing asset that greatly benefits Barnet.

Furthermore, swimming is a valuable life skill to have, preventing drownings of children and adults and this pool provides opportunities for people (children and adults alike) to learn this skill.
