Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: As a resident of Golders Green who frequently drives through this road on my way to and from work, I strongly object to the retrospective application for the commercial use of the existing swimming pool building.

The increase in traffic has made an already congested road even worse. Cars are regularly parked on both sides, often large family vehicles, making it nearly impossible for two-way traffic to flow smoothly. This leads to frequent blockages, delays, and frustration for local residents and commuters.

Additionally, the presence of children running across the road to attend lessons creates a serious safety hazard. The road was never intended to accommodate this level of pedestrian activity, particularly young children who may not always be aware of oncoming traffic.
