

Planning application number:

25/0574/RCU

Use of the existing ancillary swimming pool building for commercial operations (Retrospective application)

Address: 30 Allandale Avenue London N3 3PJ

Dear Sirs,

I live 2 minutes walk from 30 Allandale Avenue. I strongly object to this application. This is a residential area & should not have any commercial sites. A commercial site of this sort will bring more traffic, noise & congestion.

Chalgrove school is right at the end of Chalgrove gardens, where I live. We already have more than our share of noise & congestion. This application, if successful will make the whole area so much worse. It is just beyond me how, an application of this sort, can be even considered.

Again & again, I strongly object.
